

HMI Committee  
March 16, 2006

To begin with the committee is extremely pleased by the Presidents agreeing to be the Keynote Speaker at the proposed conference on Shared Governance. Following the last executive Committee meeting with him the committee has agreed to work towards the following:

- \* To work on the quality and scope of the conference.
- \* To identify space and prepare an estimated budget for submission to the president.
- \* and assign each member of the committee to gather information on the implementation of the shared governance document on the respective campuses as well do the research on the compliance of the shared Governance document with that of the individual faculty senate by laws and constitution.
- \* Plan to have the conference in the First week of August 2006.

This is a priority Item among the various issues that was presented at our last meeting. We will have a more detailed report for the next meeting.

with thanks
